

Shrewsbury Park Residents' Association

Shrub Planting 2012

Dear fellow resident,

Earlier in the year, the Residents' Association carried out an Estate-wide survey of the Council-maintained kerb-side shrub beds to identify gaps in shrub coverage.

The Association is now delighted to be able to inform you of the outcome of negotiations with the Council to fill these gaps. The Council's Cleansweep team has kindly agreed to fund the cost of **100 shrubs** and also the labour costs for planting them, as per our request and the list we supplied them, below:
